BOOK OF BAMIDBAR

5th Grade / 2019-20

The students will progress in their Biblical awareness, as they study the Book of Bamidbar (Numbers). After leaving Egypt, the Jews spent forty eventful years wandering in the desert. Through role-playing and thought provoking exercises, the students achieve a firsthand appreciation of those events. The 5th graders will explore this oft-tumultuous period so that they can grasp the dynamics which shaped the Jewish nation as they prepared to enter Israel.
